

Greetings my fellow o scalers. This will be our 39th Cleveland o scale show. Since starting in 1971, we think we have had a continuous o scale show longer than any other organization. In 1975 Cleveland had the first convention with dinners layout tours and model contests. Our last convention was in 1983 then the o scale meets began and continued with 38 contiguous shows until #38 and covid19. we still had 39 shows with the 83 convention and o scale meet in the same year. Yes, Cleveland is the home of people like Max Gray and Alvin Staufer, great supporters of the o scale hobby.

We will have our show at the traditional time of year, the first Saturday in November, and at our new home, the Parma UAW hall. We will not have a dinner again this year and probably won't until the COVID 19 settles down. We have no intentions of having an April show in the future, unless Chicago goes away for good.. In the 3 years we have had a show in Parma, we have lost attendees but the head count remains the same over 100. The enthusiasm is still strong and we thank all you attendees for your support and your generous akolades.

On 2<sup>nd</sup> sheet is the 2021 registration form. Please understand that 6' tables sell for \$47 each so minimum purchase is \$47 plus \$7 admission totals to \$54.

Now in particular we want to mention in regards to the last 2 shows thousands of dollars worth of O scale brass changed hands. This activity of big estate sales has made attending the Cleveland show a hot spot for huge sales never before duplicated. \$13k at on dealer and \$16k at another. This show is dedicated to all o scalers Past Present and Future. Welcome to another great o scale show in Cleveland

Sam Shumaker, Show Manager.
